The Phone Book from Consolidated being delivered in Conroe, The Woodlands area
Two versions of book highlight local school athletes

CONROE – Consolidated Communications recently published two versions of its 2008-2009 Phone Book from Consolidated for residents of Conroe and The Woodlands.

The directory being delivered to residents of Conroe features a photo of several student athletes from Conroe High School, Montgomery High School and Caney Creek High School on the cover. The cover image on the book for The Woodlands includes student athletes from The Woodlands High School, Oak Ridge High School and College Park High School. The contents of both books are identical.

The 2008-2009 directory also includes easy-to-read white and yellow page listings, and features several pages of Conroe and the surrounding area community information, city maps, governmental listings and a community calendar. The new directory also features a combined white page section for the entire Conroe and The Woodlands area instead of individual sections for each city or area.

An electronic version of the new directory is also available at www.consolidated.com. The online directory includes the same information as the printed directory, including white and yellow pages, and is easily searchable by name, business classification or telephone number. The online version provides maps and driving directions to many businesses by clicking on the address, and a link is also available to many advertisers' Web sites.

In addition to the traditional directory being delivered to area residents now, The Phone Book from Consolidated is also available in a mini book format. The mini format is ideal for use in tight places such as vehicles or offices. Additional traditional directories and mini directories are also available at the Conroe Communication Center at 350 S. Loop 336 West. The Conroe Communications Center is open from 8 a.m. until 5 p.m. Monday through Friday.

A recycling bin is also available now outside the Conroe Communications Center for old phone books.
