Consolidated Communications launches Wireless telephone service in Katy

KATY – Telecommunications provider Consolidated Communications recently launched its wireless telephone service in Katy, offering a nationwide service area and competitive pricing for wireless phone users.

Consolidated Wireless also features packages with unlimited nights and weekends beginning at 7 p.m., along with a variety of plans and packages, equipment and accessories all available at the company's Communication Center in Katy.

"Consolidated Communications is excited to offer a new cellular opportunity in Katy," said Product Manager J.J. Hollie. "Consolidated Wireless customers can count on us to provide superior service, competitive calling plans with essential calling features and services, as well as prepaid, individual and family plans."

To learn more about the service, stop by the Consolidated Communication Center at 2001 Katy Mills Blvd., Suite M., in the new *The Shops at Katy* shopping center near the Katy Mills Mall, call Consolidated Customer Service at 866-989-2255 or visit www.consolidated.com.

Founded in 1894, Consolidated Communications Holdings, Inc., (NASDAQ: CNSL) is a family of companies providing advanced voice, data and video services to both business and residential customers. Services include local and long distance high-speed Internet, digital TV, wireless phone, private line, carrier services and VoIP. Serving markets in Illinois and Texas, Consolidated Communications operates the 15th largest local telephone company in the nation. Its related businesses complement its core telecommunications business and include directory services, business systems, data networks, retail and operator services, call completion services, and fully-integrated telemarketing and fulfillment services. Additional information about Consolidated Communications Holdings, Inc. and its products and service is available at www.consolidated.com.
