Website Hosting
Online Presence Builder

Did you know that 86% of Internet users research products online before they make a purchase? Now more than ever it is important to have a credible and trustworthy online presence for your business.

Create a website that is right for your business, optimized to look great on any device.

Consolidated Communications' Online Presence Builder is an easy-to-use design tool that allows anyone to build and maintain beautiful, mobile friendly websites that engage and attract customers.

Create an effective online presence with an easy-to-use visual editor, drag and drop design tools, engaged design themes, custom domains, hosting and mobile optimization. It's never been this easy to look great online.

Easily Build Your Brand

- **Made for everyone:** Drag and Drop editor allows users to easily create a website and create a One-Page Website with a few clicks.
- **Modern designs:** Choose from engaging, SEO-friendly website themes that automatically look great on desktop, mobile and tablet devices.
- **Engaging website elements:** Add personality to your website. Easily add photo galleries, videos, buttons, Facebook and Twitter widgets, contact forms, appointment scheduling, Google maps, tables and lists and more.
- **Add pages and layouts:** Easily add multiple pages with different layouts such as galleries, menus, FAQ and more.
- **Professional, modern images:** Access a full gallery of modern, professional stock images, ready to use on your website, plus easily edit any photos with the built-in Image Editor.

Solution Benefits

Modern, Engaging Design Themes
- Fresh, responsive design themes.
- Automatically optimizes your website across devices, including desktops, tablets and smartphones.

Drag and Drop
- Customizing a website is easy; no technical knowledge necessary.
- Drag and drop in elements such as text, images, and engaging elements such as videos, maps and more.

Professional Images
- Personalize your website with a gallery of free, modern stock photography.
- Image galleries are a necessary component of almost any professional looking website. Easily add and manage images on your website in six different gallery formats.
- A built-in photo editor makes it easy to crop, resize and retouch images on your website for the perfect look and fit.

Social Media & Widget Integration
- Increase visibility of your website. Integrate Twitter, Facebook, Google Maps and YouTube widgets.
